CONIFERS—*Pages 1 to 7*
BROAD-LEAVED EVERGREENS
Pages 7 to 16
DECIDUOUS TREES AND SHRUBS
Pages 7 to 16
GRASSES AND PALMS—*Page 16*
VINES—*Pages 16 and 17*
SEEDS—*Page 17*

For Roses
see separate Catalog

The Japanese Nursery Co.

Genoa, Texas

Terms and Conditions of Sale

This price list is for the trade only, cancels all previous issues, and is subject to change without notice.

TERMS: 1. CASH—Cash before shipment, less 3% No packing charge is made on cash orders.

2. C. O. D.—We require one-fourth of the amount of the order to be paid in advance, balance C. O. D.

3. CHARGE ACCOUNT—Our terms are strictly net after 60 days to customers who have established a credit with us. Charge accounts will be opened only upon receipt of satisfactory bank or trade references, allowing time for investigation.

4. Deferred payment after 60 days carries 8% interest.

PACKING: We take great pride in the thorough and careful manner of digging and packing plants for shipment and have received many compliments on the splendid condition in which our plants have been received. If special instructions are not given, we use our best judgment in handling each shipment to the best advantage of the customer.

POTTING PLANTS: While we believe that with few exceptions most varieties of plants do not require potting when planted in the months of December to March, and will even do better if not potted, we will, if requested, establish them in pots to be delivered at any season, at an increased cost of 25% over listed price herein.

TRANSPORTATION: Please state whether you want shipment by parcel post, express or freight. In most cases it is desirable to ship by express, especially to distant points; however, small quantities of bare-rooted plants can be shipped by parcel post. Points near the main line of the Southern Pacific, Missouri Pacific, M. K. & T. or Santa Fe may often be reached by a through fast package car service at cheap freight rates. Unless given instructions we use our own judgment as to determining mode of shipment. Our responsibility, however, ceases on delivery of goods to carrier in good condition, and same travel at the expense and risk of purchaser.

EXPRESS RATES: Miami, Fla., $5.80; Birmingham, Alabama, $4.00; Richmond, Virginia, $6.15; Cincinnati, Ohio, $4.85; St. Louis, Missouri, $4.40; Chicago, Ill., $4.85; Des Moines, Iowa, $4.95; Buffalo, N. Y., $6.00; New York City, $7.05; Memphis, Tennessee, $3.70; Oklahoma City, Okla., $3.50 per 100 pounds.

FREIGHT RATES: L. C. L. in barrels or boxes; Chicago, Ill., $1.76½; Detroit, Mich., $1.99½; Atlanta, Ga., $1.62; Kansas City, Mo., $1.58; Cincinnati, Ohio, $1.76½; Buffalo, N. Y., $2.07 per 100 pounds.

IMPORTANT: Water rate by steamer from Galveston to many ports East is about one-sixth of express charges and less than one-half of R. R. freight rate, but quick as express. Purchasers living near the Atlantic coast should write us for water rate and sailing schedule of steamers.

CLAIMS: Any claim for shortage or adjustment must be made within five days after arrival of goods.

RATES: 250 of same variety and size at 1,000 rate
25 of same variety and size at 100 rate
5 of same variety and size at 10 rate, if such rate is given.

When less than 25 are ordered, where only the 100 rate is quoted, the price will be 25% over the 100 rate. In no case will we fill an order for less than five of any one kind, except samples.

GUARANTEE: We exercise every possible care to have our stock true to name. Nevertheless, it is understood and agreed that in case any of our stock should prove untrue to name, we shall be liable only for the amount paid for such stock which proves to be untrue. We book all orders with the understanding that they shall be void in case of injury to our stock from flood, frost, drouth, or any other causes beyond our control.

INVITATION AND LOCATION OF OUR NURSERY: The best way to become acquainted with our many varieties of quality plants is to visit our nurseries which are located fifteen miles from the Courthouse, Houston, Texas, and two and one-half miles south from Genoa, Texas, on the Houston-Galveston concrete highway. The Galveston-Houston Electric Railway (Interurban) stops hourly at our nursery grounds, the station being called AVIATION.

CONIFERS

All varieties are grown from cuttings unless followed by letter (S) or (G) designating seedlings or grafts, and have been transplanted at least once and are not to be compared with mere rooted cuttings, which we send out only under special arrangements.

Cedrus Deodara (DEODAR CEDAR) (S)—50 ft. One of the most beautiful and stately cedars with its towering Pyramidal form and its silvery feathery foliage. Since our trees are grown in the open field, they are well matured and can be transplanted right in the nursery rows.

Size	10	100	1000
6- 8 in., 2-yr. transp.		$9.00	$ 80.00
6- 8 in., 2-yr., in 3 in. pot		12.00	
8-10 in., 2-yr., in 3 in. pot		15.00	130.00
10-15 in., 2-yr. in 3 in. pot		20.00	180.00
15-18 in., field grown, small ball	$3.00	25.00	

Cupressus Lusitanica Glauca No. 100—The Lusitanica group of Cypress has by far the more beautiful foliage and is not subject to the disease so peculiarly common to Arizona Cypress, which we have purposely omitted from our list for that reason.

4-6 in., in 2½ in. pots (Spring Delivery).....$12.00

Cupressus Sempervirens Royalli (ITALIAN CYPRESS)—Grown from cuttings of very narrow shaft-like type, very compact in form, and will be absolutely uniform and true to type.

4-6 in., in 2½ in. pots (Spring Delivery).....$ 8.00 $ 75.00

Cupressus Sempervirens (ITALIAN CYPRESS) (S)—Once transplanted.

4- 6 in.	$ 5.00	
12-15 in.	10.00	

Cupressus Sempervirens Horizontalis (HORIZONTAL CYPRESS)—This is a fast growing tree with horizontal or spreading branches and erect, straight trunk. Desirable as a specimen tree in an open lawn. Easily grown, is fine landscape material for the southern states. Ours are grown from cuttings of very choice type.

4-6 in., in 2½ in. pots (Spring Delivery) .....$ 8.00 $ 75.00

Cupressus Torulosa Majestica (BHUTAN CYPRESS)—A fast growing pyramidal tree from the Himalaya deserving much wider planting in the Southern and Pacific states. Makes a dense broad pyramidal form.

4- 6 in., once transp. (Spring Delivery)	$ 8.00	$ 70.00
18-24 in., twice transp., field grown	20.00	

Chamaecyparis Lawsoniana Alumi (SILVER LAWSON CYPRESS)—The very blue Lawson Cypress, compact growth.

3- 5 in., once transp. (Spring Delivery)	$ 6.00	$ 55.00
8-10 in., twice transp.	12.00	

Cunninghamia Lanceolata (CHINESE FIR) (S)—An excellent decorative evergreen for milder climates, resembling Araucaria Excelsa, with horizontal spreading branches. Hardy as far north as Pennsylvania, and if killed back, grows up from the stump. Of easy culture.

6- 8 in. (S)	$1.25	$10.00
8-12 in. (S)	1.75	14.00

Juniperus Chinensis Albo Variegata (WHITE VARIEGATED CHINESE JUNIPER)—Foliage with many creamy white tips and branchlets scattered over the plants. A very beautiful landscape material. This is not a variegated form of Greek Juniper as it is sometimes listed. The smooth scale-like leaves are more and more pronounced as the plant grows older while the Greek Juniper does not show such a characteristic.

3-5 in., once transp. (Spring Delivery)	$14.00	$120.00
4-6 in., twice transp.	17.00	150.00
6-8 in., twice transp.	25.00	

Size	10	100	1000

Juniperus Chinensis Femina (JUNIPER JAPONICA SYLVESTRIS)—An upright, loosely pyramidal tree with uniquely spreading branches, foliage rather feathery, light green needle-like leaves. Very hardy and one of the finest Junipers for all sections. Easily grown.

3- 5 in., once transp. (Spring Delivery)	$10.00	$ 90.00
4- 6 in., twice transp.	12.00	110.00
6- 8 in., twice transp.	15.00	140.00
8-10 in., twice transp.	17.00	150.00
10-15 in., twice transp.	20.00	180.00
6-10 in., in 3 in. pots	17.50	150.00

Juniperus Chinensis Pfitzeriana (PFITZER JUNIPER)—The most useful and popular Juniper in cultivation today, and is the most satisfactory and beautiful low-growing type adapted for terrace planting, about foundation and as specimen. Thrives equally well in the hot summers of the South and the cold winters of the North.

4- 6 in., once transp.	$ 9.00	$ 80.00
6- 8 in., twice transp.	12.00	110.00
8-10 in., twice transp.. 2-yr.	17.50	
10-12 in., twice transp., 2-yr.	25.00	

Juniperus Chinensis Globosa Compacta No. 102—This is a dwarf compact and spreading type of Juniper having only scale-like leaves, which are dark green. Tree reaches height of 4 feet. Equally satisfactory in both the North and the South. One of the best of landscape materials.

3- 5 in., once transp. (Spring Delivery)	$10.00	$ 90.00
4- 6 in., twice transp.	14.00	
6- 8 in., twice transp.	17.00	
8-10 in., twice transp.	20.00	

Juniperus Chinensis Globosa No. 103—Very similar to the above, but slightly open, and foliage of yellowish green.

3- 5 in., once transp. (Spring Delivery)	$10.00
6- 8 in., twice transp.	15.00
8-12 in., twice transp, field grown, bushy	17.00

Juniperus Japonica Procumbens (TRAILING CHINESE JUNIPER)—Several names are applied to this Juniper (J. Japonica, by the D. Hill Nursery). The best of the Prostrate Creeping Junipers, making a dense mat of blue-green, seldom exceeding one foot in height. An excellent object for rock works, along walks, and around stepping stones, etc. Extremely hardy, satisfactory everywhere. Has no scale-like foliage.

3- 5 in., once transp. (Spring Delivery)	$10.00	$ 90.00
4- 6 in., twice transp.	12.00	
6- 8 in., twice transp.	15.00	
8-10 in., twice transp.	20.00	170.00
6- 8 in., 3 in. pots	17.50	

Juniperus Chinensis Procumbens—(Jun. Ch. Japonica by Armstrong). Having both scale-like and needle-like leaves of dark green, forms a dense mat of blue-green foliage, seldom exceeding one foot in height. Very hardy.

3-5 in., once transp. (Spring Delivery)	$10.00	$ 90.00

Juniperus Ch. Procumbens Variegata—Same as J. Ch. Procumbens except with creamy white, variegated foliage.

3-5 in., once transp. (Spring Delivery)	$17.00

Juniperus Chinensis Viridifolia Nana Compacta—Introduced by us, a sport from Juniperus Chinensis Albo Variegata. Have both scale and needle-like foliage, dwarf but erect, about four ft. high. Dense and compact foliage with beautiful color.

3- 5 in., once transp. (Spring Delivery)	$12.00	$110.00
5- 7 in., twice transp.	17.00	140.00
6-10 in., twice transp. (grafted)	20.00	170.00

Size	10	100	1000

Juniper Communis (ENGLISH JUNIPER)—A fast growing, bushy, upright tree forming a broad, dense head of green foliage. Very hardy. Ours are all grown from cuttings taken from very compact specimen trees only—as there are so many varieties among seedlings.

6- 8 in., twice transp.		$ 8.00	
8-12 in., twice transp.		12.00	

Juniper Communis Depressus (JUNIPER CANADENSIS)—A low spreading Juniper attaining a spread of 10 to 15 feet, but not exceeding a height of two feet. Very hardy and thrives under adverse conditions. Grown from cuttings of superior type.

3- 5 in., once transp. (Spring Delivery)		$ 7.00	$ 60.00
8-10 in., twice transp.		10.00	90.00

Juniper Communis Aurea (GOLDEN ENGLISH JUNIPER)—

4-6 in., once transp.		$10.00	
6-8 in., twice transp.		12.00	

Juniperus Excelsa Stricta (SPINY GREEK JUNIPER)—A well known dwarf variety, making a conical plant with silvery glaucous foliage. Very hardy against cold.

4-6 in., in 3 in. pots		$15.00	$120.00
4-6 in., twice transp.		10.00	90.00
6-8 in., twice transp.		15.00	140.00

Juniperus Hibernica (IRISH JUNIPER)—6 to 7 feet. Forms a heavy, bright green column of medium height. Very hardy.

3- 6 in., once transp.		$ 6.00	$ 50.00
5- 7 in., twice transp.		9.00	80.00
7-10 in., twice transp.		12.00	100.00

Juniperus Horizontalis (CREEPING JUNIPER) — With long trailing branches not more than a foot in height. Very hardy.

6- 8 in., twice transp.		$10.00	$ 90.00
8-12 in., twice transp.		15.00	120.00
12-24 in. twice transp., field grown		20.00	180.00

Juniper Horizontalis Douglasi (WAUKEGAN JUNIPER)—A unique, low, compact, creeping Juniper, making a soft mat of foliage, beautiful bright blue in spring and summer, changing to purplish brown in winter after frost. Very hardy against both extremes. Easy to transplant.

6- 8 in., twice transp.		$12.00	$110.00
8-10 in., twice transp.		15.00	140.00

Juniperus Sabina (SAVIN JUNIPER)—A semi-spreading, much branched shrub with dark green foliage. Very desirable because it thrives under extreme heat and cold, maintaining its bright green color.

3-5 in., once transp.		$ 8.00	$ 70.00
5-7 in., twice transp.		12.00	

Juniperus Sabina Tamariscifolia (TAMARIX SAVIN JUNIPER)—One of the best creeping varieties, forming a dense carpet of gray-green foliage and seldom exceeds 18 ins. in height.

3-5 in., once transp. (Spring Delivery)		$10.00	$ 90.00
5-7 in., twice transp.		12.00	

Juniperus Virginiana Glauca (BLUE CEDAR OR SILVER RED CEDAR)—15 to 20 feet. The entire young growths are of almost silvery whiteness, which changes to beautiful bluish-green as the season progresses. It is one of the few evergreens that grow just as well in the South as in the colder western states.

6- 8 in., 3 in. pots, grafted (Spring Delivery)		$45.00	$400.00
8-10 in., 3 in. pots, grafted		55.00	500.00
10-12 in., (C) once transp., field grown		65.00	

Size	10	100	1000

Juniperus Virginiana Elegantissima Lee (GOLDTIP RED CEDAR)—10 to 15 ft. In the spring or whenever the new growth comes out, it is a rich, creamy golden color on the tips, gradually darkening to bronze and green as the season progresses. It has the characteristic Juniper foliage, soft and lacy, and stands trimming well. It is very beautiful as a specimen tree as well as in mass planting. Presents unusual color effect.

6-8 in., 3 in. pots, grafted	$50.00	$450.00

Juniperus Virginiana Kosteri—Semi-dwarf, naturally-spreading, foliage dense and of a light green color. Hardy and strong grower in North and South. Resembles in outline the Pfitzer Juniper. Grows two to three feet in height and will prove useful for the margins of beds of taller growing conifers.

4- 6 in., once transp.	$15.00	$120.00
6- 8 in., twice transp.	17.00	140.00
8-12 in., twice transp, field grown	20.00	175.00

Juniperus Conferta (SHORE JUNIPER)—Introduced to the Arnold Arboretum in 1915 by E. H. Wilson. A low prostrate Juniper with slender, spreading branchlets. Foliage a willow-green in color. Desirable for seaside planting, but does well in the interior, particularly being adapted to sandy soils.

6- 8 in., twice transp.	$12.00	$100.00
8-12 in., twice transp.	14.00	125.00
12-15 in., twice transp.	18.00	150.00

Pinus Pinea (ITALIAN STONE PINE) (S)—Compact and symmetrical when young and with a broad parasol-like head when older. Hardy only in the South and in California. Very attractive and beautiful.

6- 8 in. (S) in 3 in. pots	$ 8.00	$ 70.00
8-10 in. (S) in 3 in. pots	12.00	

Pinus Canariensis (CANARY ISLAND PINE) (S)—The most beautiful and permanent of all Pines. Extremely long needles. New growth is silvery white.

3-5 in. (S)	$ 5.00	$ 45.00

Podocarpus Elongatus (FERN PINE)—Of recent introduction. A bushy tree of medium size with narrow light-green foliage. Grows in sun or shade and is not particular as to soil, but not suitable for section where temperature goes below 25 degrees Fahrenheit. Makes a very fine pot plant.

8-10 in., 2-yr. twice transp.	$12.00	$100.00
12-18 in-., 3-yr. twice transp.	15.00	120.00

Podocarpus Longifolius (GIANT JAPAN YEW) (Podocarpus Macrophyllus)—A beautiful tree with spreading branches and drooping branchlets. Ultimately will grow to height of 40 to 50 feet. One of the largest leaved of all the conifers, it resembles the English Yew, but is several times larger. Stands pruning well and thrives both in sun and shade, where many other plants fail. Growth fairly fast, unlike the Taxus, which is very slow. Foliage is light green.

3- 5 in., from bed	$ 6.00	$ 55.00
3- 5 in., once transp.	7.50	
5- 7 in., once transp.	10.00	90.00
8-10 in., twice transp.	15.00	

Podocarpus Maki (PODOCARPUS CHINENSIS)—Dark green leaves, smaller than Podocarpus Longifolius, with upright stems which can be pruned to beautiful pyramidal shape.

2-5 in., from bed	$ 6.00	$ 55.00
3-5 in., once transp.	7.50	
5-7 in., once transp.	10.00	

Podocarpus Microphyllus—Leaves small, ¼ in. wide by 1½ in. long, dark green and glossy, compact and dwarfish in form. Growth is rather slow.

3-5 in., once transp.	$ 8.00	$ 70.00
5-7 in., twice transp.	10.00	

Size	10	100	1000

Podocarpus Nagei (PODOCARPUS NAGI)—Japanese variety differing entirely from either of the above in formation of leaves. Broad as broad-leaved evergreens and very thick and leathery, glaucous in color. Branches slender and flexible. Not very hardy. Adapted only to California and southern states.

6- 8 in., once transp.	$ 8.00		
8-12 in., once transp.	12.00	100.00	

Retinospora Sieboldi (Retinospora Leptoclada by some nurseries)—Eight feet. A dense round-headed bush, bright green in summer changing to purplish-bronze in winter, resembling Rosedale Arborvitae in appearance, but does not burn like the latter and is well adapted to the Atlantic Coast and the Gulf States.

3- 4 in., once transp.	$ 5.00	$ 45.00	
4- 6 in., once transp.	7.00	60.00	
6-10 in., twice transp.	9.00	80.00	

Retinospora Plumosa (Green Japan Cypress)—Rather irregular in shape in contrast with stiff outline of arborvitae foliage. Soft light blue in color, feathery in form.

4- 6 in., once transp.	$ 6.00		
8-12 in., twice transp.	10.00		

Retinospora Plumosa Aurea (Golden Japan Cypress)—Similar to Retinospora Plumosa except new growth is decidedly yellow.

4- 6 in., once transp.	$ 6.00	$ 55.00	
8-12 in., twice transp.	10.00		

Taxus Drupacea—This Taxus, unlike most of its kind, grows rather faster and does fairly well in the Gulf Coast. Worth trial.

4-6 in. once transp.	$10.00		
6-8 in., once transp.	12.00		

Thuya Orientalis (Chinese Arborvitae) (S)—These are grown from seed, hardy and fast grower, adapted as backgrounds, windbreaks and understock for grafting many kinds of conifers, such as Cypress, Thuyas and Junipers.

4- 6 in. (S)	$ 2.00	$ 15.00	
6- 8 in. (S)	3.00	25.00	
10-12 in. (S) 2-yr., once transp.	5.00	40.00	
12-18 in. (S) 2-yr., once transp.	8.00	70.00	
18-24 in. (S) 2-yr., once transp.	12.00	100.00	

Thuya Orientalis Aurea Nana (Berckman's Dwarf Golden)—The plants we offer are the genuine pure strain, of fine coloring and form. Rich golden in color, compact and broad, grows 7 to 8 feet high.

2½-in. pots (Spring Delivery)	$11.00	$100.00	
4- 6 in., once transp.	9.00	80.00	
6- 8 in., once transp.	11.00	100.00	
8-10 in., twice transp., field grown	17.50	150.00	

Thuya Orientalis Bakeri—A tall compact, pyramidal type, broad at the base, considerably used in a wide range of country. Bright green in color. The inside of the plant does not turn brown during summer.

2½-in. pots (Spring Delivery)	$ 9.50	$ 85.00	
4- 6 in., once transp.	9.00		
6- 8 in., once transp.	10.00	90.00	
8-10 in., twice transp.	14.00	120.00	
10-12 in., twice transp.	17.00	150.00	

Thuya Orientalis Bonita—The most perfectly globe-shaped arborvitae ever grown. About 5 ft. high and 5 ft. wide. Of dark green foliage, which does not burn all through the year. Well adapted to urns, also very desirable in formal gardens, etc. Ours are from pure strain, selected in our nursery. There are many inferior variations offered in the market.

2½ in. pots (Spring Delivery)	$ 9.50	$ 85.00	
4- 6 in., once transp.	8.00	70.00	
6- 8 in., twice transp., 2-yr.	12.00		
8-10 in., twice transp., 2-yr.	15.00		

Size	10	100	1000

Thuya Orientalis Aurea Conspicua (GOLDSPIRE)—The best golden pyramidal type yet introduced. Tall and erect with intensely golden foliage. Very hardy and popular.

4-6 in., 2½ in. pots (Spring Delivery)		$14.00	$130.00
3-6 in., once transp.		12.00	110.00

Thuya Orientalis Beverlyensis (GOLDEN COLUMN ARBORVITAE)—It forms a tall stately column, the pronounced golden color being retained all during the year. Rapid in growth.

3-5 in., once transp.		$10.00	$ 90.00

Thuya Orientalis Blue-Green—A broad, compact type of Thuya Texana Glauca. Of medium height, a very desirable addition to the list of arborvitae.

4- 6 in., once transp.		$ 9.00	$ 80.00
6- 8 in., once transp.		12.00	
8-10 in., once transp.		15.00	

Thuya Orientalis Columnaris—A very compact conical form of Arborvitae, growing 7 to 8 ft. Foliage dark green and beautiful. A distinct type from Baker's Arbovitae. Very desirable.

4-6 in., once transp. (Spring Delivery)		$ 9.00	$ 80.00

Thuya Orientalis Compacta (COMPACT CHINESE ARBORVITAE)—Of broad, low pyramidal form with dense bright green foliage. One of the best types of Chinese Arborvitae of medium height.

4-6 in.		$ 8.00	$ 70.00

Thuya Orientalis Elegantissima (GOLDEN PYRAMIDAL ARBORVITAE)—A pyramidal form, broader at the base and not so tall or such a fast grower as the Beverlyensis and with more bronze in its coloring.

3-5 in., once transp.		$ 8.00	$ 70.00

Thuya Orientalis Filiformis Stricta (JAPANESE THREAD-LEAVED ARBORVITAE)—About 6 ft. Broad at base tapering toward top. Leaves long and stringy—like threads—of light green color. Very hardy, as other oriental varieties. Branchlets and leaves droop gracefully. Very unusual and beautiful in appearance.

3-5 in. (Spring Delivery)		$10.00	$ 90.00
5-7 in., grafted (Spring Delivery)		15.00	140.00

Thuya Orientalis Meldensis—A beautiful, compact, medium-sized arborvitae with soft green foliage all through the year. Does not burn inside.

3- 5 in., once transp.		$ 8.00	$ 70.00
5- 7 in., twice transp.		10.00	90.00
6- 8 in., twice transp.		12.00	110.00
8-10 in., twice transp.		14.00	120.00

Thuya Orientalis Pyramidalis (CHINESE PYRAMIDAL ARBORVITAE)—Of narrow, compact, upright columnar habit with dense foliage. Bright green at all times during the year. Cuttings from choice specimen trees in our own nursery.

3- 5 in., once transp.		$ 6.00	$ 55.00
4- 6 in., once transp.		9.00	80.00
6- 8 in., twice transp.		11.00	100.00
8-12 in., twice transp.		14.00	120.00

Thuya Orientalis Ramsey (RAMSEY'S HYBRID ARBORVITAE)—20 ft. A tall, fast-growing evergreen of very beautiful type. Of dark green foliage, upright and erect in form. Branchlets slender and drooping. Very popular in the South. Stands drouth and heat as well as cold. The larger it gets the more handsome and majestic it becomes.

4- 6 in. (Spring Delivery)		$10.00	$ 90.00
6- 8 in.		15.00	140.00
8-10 in.		18.00	
12-15 in.		25.00	

Size	10	100	1000

Thuya Orientalis Rosedale—A beautiful, compact little plant when young and valuable for quick effects. It becomes straggly after a few years.

4- 6 in.	$ 4.00		$ 35.00
6- 8 in., twice transp.	7.00		60.00
8-10 in., twice transp.	9.00		80.00
10-12 in., twice transp.	15.00		140.00

Thuya Orientalis Texana Glauca—10 ft. Foliage of silvery blue. A tall upright grower, rather open and irregular in form.

3-6 in.	$ 6.00		$ 50.00
6-8 in.	10.00		

Thuya Orientalis Texana Glauca Compacta—This does not grow so tall as the above, but medium in height, and not so open, making it a very desirable medium-sized tree.

4- 6 in.	$ 6.00		
6- 8 in.	8.00		
8-10 in.	10.00		

BROAD-LEAVED EVERGREENS, AND DECIDUOUS TREES AND SHRUBS

Plants under this heading, unless otherwise specified, are all cuttings grown and once or twice transplanted in open field, and both roots and tops are hardened so that ordinarily they can be planted right in the nursery rows.

Abelia Grandiflora—Pinkish-white, delicately fragrant flowers—bloom all summer long—with small glossy evergreen leaves which turn purplish-bronze in winter. Very hardy in the North as well. Of low shrubbery habit.

4-6 in.	$ 3.50		$ 30.00

Azalea Indica—

Cuttings from 2 in. pots	$1.50	$12.00	$110.00
Cuttings from 4 in. pots	3.50	25.00	

Azalea Hinodegiri—This is one of the best in the Kurume group comprising many varied colors. It is very gorgeous to see this variety in full bloom, entire plants being covered with bright, flaming, watermelon flowers. Easy of culture. May be grown in open with partial shade, but soil must be acid and bountifully supplied with vegetable matter, such as peat, muck or rotted leaves. They can thrive in peat and sand, but if lime or alkaline is present, it must be removed before planting. The drainage must be good and the bed must be located where all surplus rainfall will run off quickly. They delight in a moist soil, but they will not tolerate a water-saturated soil condition. Aluminum sulphate at rate of one 4-inch pot full in a wheelbarrow full of soil or peat is a great help in keeping the soil acid. Four to eight ounces of the sulphate to a square yard, scattered, may be applied as top dressing where plants are growing.

Cuttings from 2 in. pots	$2.00	$15.00	$
Cuttings from 3 in. pots	2.50	20.00	180.00

BOUGAINVILLEAS

This is one of our specialties that we raise in large quantities and ship all over the country. There are two leading varieties that we recommend, viz., B. Glabra and B. Crimson Lake. They should be more freely used by florists because they bloom through the greatest period of the year and are very easily cared for. Instructions for care will be sent on application.

Bougainvillea Glabra Sandriana—An evergreen vine or shrub with very showy purple flowers (bracts) in great profusion. Can be made to bloom nearly eight months in year if grown in pots and protected from being frozen.

3 in. pots	$1.50	$10.00	$ 90.00
4 in. pots	4.50	20.00	180.00
5 in. pots	4.50	40.00	

Size	10	100	1000

Bougainvillea Crimson Lake—Introduced by the U. S. Dept. of Agriculture. Flowers are a little larger than the Glabra, and in coloring no other flowering plant can ompare with its richness and brilliancy. On first opening, it is a brilliant crimson-lake, which color it retains for four weeks or more, after which it gradually passes to a crimson-carmine. Of easy culture. Blooms after four or five months from cuttings. It blooms more profusely than other varieties. The best subject for florists everywhere to grow in pots for all holiday occasions. It stands some frost and can be grown outside where temperature does not go below freezing.

3 in. pots	$20.00	$180.00
4 in. pots	35.00	300.00
5 in. pots	50.00	400.00

(Prices on larger sizes on application.)

Buxus Sempervirens (COMMON OR ENGLISH BOXTREE)—This is a fast grower and is used largely for hedges and shaping into different forms by shearing.

3- 6 in	$ 5.00	$ 45.00
10-15 in., 2-yr. field grown	15.00	
15-24 in., field grown	20.00	

Buxus Sempervirens Suffruticosa (DWARF BOXWOOD)—Very dwarf and slow in growth. Hardy, standing severe cold. Useful as a low hedge.

4-6 in.	$ 8.00

Camphora Officinalis (CAMPHOR)—

4- 6 in.	$ 4.00
6- 8 in.	5.00
8-10 in.	6.00

Camellia Japonica (JAPANESE CAMELLIA)—The well known beautiful midwinter flowering shrub, growing 6 ft. to 10 ft. with its exquisite and showy wax-like flowers. They were formerly imported and are now very rare. Foliage glossy green. Dense and symmetrical in its growth. They grow well on sandy soil and even on high piney land, but they flower best in half-shady somewhat moist soil. A mulch of old cow manure, now and then a little commercial fertilizer, and thorough water during the dry season several times start the bushes into a vigorous and healthy growth. We offer in following colors: Pink, red, white and variegated, and single red.

3- 5 in. from pot	$1.50	$10.00
5- 8 in. from pot	2.50	20.00
12-15 in. from pot (Spring Delivery)	5.00	45.00

Camellia Sasanqua—Shrubs of loose, straggling habit with leaves very glossy, dark green, mostly single flowering. Blooms from October to December. Easier cultivated than Camellia Japonica. Flowers are similar to Cherokee Rose.

2-5 in. (S)	$ 8.00	$ 70.00
7-10 in. (S)	12.00	

Camellia Thea (TEA PLANT)—This compact, dwarfish evergreen shrub has many desirable qualities and should be more extensively used. It has sweet-scented white flowers in fall.

4-6 in (S)	$ 4.00
6-8 in. (S)	5.00

Cotoneaster Pannosa—A beautiful shrub with slender branches, with small green leaves which are silvery white beneath. Red berries in abundance in fall, among silvery gray leaves, are very strikingly beautiful.

10-12 in., twice transp., field grown	$15.00

Cuphea Hyssopifolia—A dwarf shrub with small leaves and pinkish-lavender flowers. Much used as low borders and dwarf hedges along flower beds, etc. Hardly needs pruning. Not very hardy.

4-6 in. from flat	$ 5.00

Size	10	100	1000

Daphne Odora—With very fragrant flowers of pinkish color, blooming during winter or early spring. In North it is used as greenhouse plant, for its very strong, pleasing scent.

2½ in. pot (400)	$3.00	$25.00
3 in. pot (300)	4.00	35.00

Elaeagnus Fruitlandi—

3-5 in. (Spring Delivery)	$ 8.00	$ 70.00

Elaeagnus Pungens—Spreading shrub with brown branches and oblong leaves, smooth and silvery with brown scales underneath. About 6 ft. Hardy.

3- 6 in.	$ 6.00	$ 50.00
6-10 in.	10.00	

Elaeagnus Pungens Simoni (SIMON ELAEAGNUS)—Leaves rather large, oblong, with few or none of the brown scales beneath. Has a few pointed spines among branches.

3- 5 in.	$ 7.00	$ 60.00
6-10 in., twice transp.	12.00	

Elaeagnus Pungens Compacta Macrophylla—A compact shrub with rather large, beautiful leaves and a very desirable, ornamental plant of new introduction.

3-5 in.	$ 8.00	$ 70.00

Elaeagnus Pungens Angustifolia Compacta—A new introduction of merit. Branches drooping, leaves glossy and compact.

4-6 in.	$ 7.00	$ 60.00

Elaeagnus Pungens Argentea Variegata — Silver margined Elaeagnus, succeeds well in the South, and should be used more freely. Of easy culture.

3-5 in.	$ 9.00	$ 80.00

Elaeagnus Pungens Aurea Variegata (FREDERICI VARIEGATA) (MACULATA)—Deep yellow center with dark green margin. Succeeding in wide range of country. Beautiful variegation, will not be affected by sun or winter.

3-5 in.	$12.00	$110.00

Eryobotrya Japonica (LOQUAT) (S)—An ornamental as well as fruit tree with exceptionally large and long leaves, bright green above, whitish downy underneath. Flowers in late fall which are creamy and fragrant. Hardy as far north as Dallas, Texas.

4- 6 in. (S)	$ 5.00	$ 45.00
6- 8 in. (S)	7.00	60.00
8-10 in. (S)	9.00	80.00

Euonymus Japonica Argentea Variegata (PEARL MARGINED)—Compact, erect variety of medium size.

2½ in. pot	$ 7.00	$ 60.00

Euonymus Japonica Aurea Variegata (Gold Center)—Compact, erect in form as above.

2½ in. pot	$ 7.00	$ 60.00

Euonymus Japonica Viridivariegatus—Pale yellow variegated, stands heat and drouth.

2 in. pots	$ 6.00	$ 50.00

Euonymus Japonica Compacta Microphylla—Same form as above, with green leaves.

2½ in. pots	$ 6.00	$ 50.00

Gardenia Veitchi (WINTER BLOOMING CAPE JASMINE)—This is intermediate in size between the tree Cape Jasmine and the dwarf, and blooms freely in winter in greenhouse.

3- 6 in., 2 in. pot	$12.00	$110.00
8-10 in., 3 in. pot	25.00	

Size	10	100	1000

Gardenia Florida (FORTUNEI or GRANDIFLORA)—Cape Jasmine of the South. Extensively cultivated in Texas for its beautiful white fragrant flowers which are shipped to the North around Decoration Day.

6-10 in., field grown	$ 5.00	$ 40.00
10-15 in., field grown	7.50	70.00
15-18 in., field grown	10.00	90.00

Gardenia Radicans (CREEPING CAPE JASMINE)—Very desirable for rock works, low border, etc. Tender in the interior. Pure white, waxy flowers are identical with common Cape Jasmine, but only about 1½ inches in diameter. Does not grow higher than one foot, but spreads two to three feet.

3-6 in., once transp.	$ 5.00	$ 45.00
5-8 in., once transp.	8.00	

Gardenia Stricta Nana (DWARF CAPE JASMINE)—This must not be confused with the Gardenia Radicans described above. Grows to two or two and one-half feet, but does not creep like the former, but very decidedly upright, although the leaves and flowers are about similar in size. Hardy as Gardenia Grandiflora. Ideal as a border, low hedges or single specimen.

5- 7 in., once transp.	$ 8.00	$ 70.00
12-15 in., field grown	12.00	
15-18 in., field grown	17.50	
18-24 in., field grown	20.00	

Hydrangea Hortensis Otaksa (JAPAN HYDRANGEA)—The foliage of this variety is very glossy, easy to grow in the South. Same treatment as French Hydrangea.

4- 5 in., once transp.	$ 5.00	$ 45.00
5- 7 in., once transp.	7.00	
10-12 in., 4 branches	25.00	
10-12 in., 4, 5 or more branches	35.00	

Hydrangea Opuloides (FRENCH HYDRANGEA)—Hardy deciduous plants adapted for both pot and garden planting in very shady locations, blooming during April or May. The color of pink and blue is variable according to the acidity of the soil. For blue color use plenty of humus and add a little powdered alum to the soil; for pink, use lime and chemical fertilizer. No humus.

5- 7 in., once transp.	$10.00	
10-12 in., once transp.	15.00	
12-15 in., once transp.	20.00	

Hibiscus Rosea Sinensis (CHINESE HIBISCUS)—In many assorted colors and double and single.

2 in. pot	$ 5.50	
4 in. pot	20.00	
5 in. pot	35.00	

Ilex Crenata (JAPANESE DWARF HOLLY)—Small leaved dwarf shrub. Will stand the winter of Oklahoma and thrives well in the Gulf States.

3-5 in. (S), 2-yr. old	$ 6.00	$ 50.00
5-6 in. (S), 2-yr. old	8.00	70.00

Ilex Aquifolia (EUROPEAN OR ENGLISH HOLLY)—Fruit scarlet and very shiny, leaves with very shiny teeth.

4-6 in.	$10.00	

Ilex Opaca (AMERICAN HOLLY) (berry bearing variety)—"Christmas Holly" is the name applied to this variety on account of berried branches that are so much used as a decoration for this holiday.

2- 5 in. (C), grown from berried trees	$10.00	
8-12 in. (S), field grown	10.00	
12-15 in. (S), field grown	12.00	

Ilex Vomitoria Femina (berry-bearing variety of Yaupon)—This is grown from cuttings taken from berry bearing trees of an excellent compact type selected by us.

6- 8 in., once transp.	$15.00	$140.00
8-10 in., once transp.	20.00	170.00

Size	10	100	1000

Ilex Vomitoria Pendula (WEEPING YAUPON)—

6- 8 in., twice transp. $15.00
8-10 in., twice transp. 17.00

Ilex Vomitoria Compacta Microphylla (COMPACT SMALL-LEAF YAUPON)—A compact small-leaved variety grown from cuttings of selected trees. A most excellent variety for low hedges and trimming into formal shape.

4- 6 in., twice transp. ..... $10.00 $ 90.00
6- 8 in., twice transp. 12.00 110.00
8-12 in., twice transp. 15.00 140.00

Jasminum Floridum (JASMINUM HUMILE—erroneously called)—Yellow flowers, slightly fragrant, in clusters, blooming the year through except in the coldest weather. Dark evergreen leaves are very glossy and attractive. Branches gracefully spreading. Good subject as undergrowth around tall trees or along borders, etc. Also fine subject for florists, using branches as sprays in making wreaths, etc. Hardy as far north as Washington, D. C. Of easy culture. Stands drought remarkably well.

6- 8 in. ..... $ 5.00 $ 40.00
8-10 in. 7.00 60.00
10-15 in. 9.00 80.00

Jasminum Humile (J. REVOLUTUM)—A tall shrub reaching 8 ft. high in open without support. Profuse bloomer in spring and fall. Fragrant yellow flowers are very attractive. Hardy as far north as Washington, D. C. Should be used more in southern landscape. Easy of culture.

4-6 in. ..... $ 5.00 $ 40.00

Jasminum Grandiflorum—With white flowers of great fragrance. An excellent object in greenhouse, much grown for perfume (called Catalonian, Italian, Spanish or Royal Jasmine).

2 in. pots ..... $ 8.00
3 in. pots 10.00

Jasminum Nudiflorum (WINTER JASMINE)—Yellow fragrant flowers during winter before leaves come out.

4- 6 in. (Spring Delivery) ..... $ 3.00 $ 25.00
10-15 in. 5.00

Jasminum Primulinum (CHINESE PRIMROSE JASMINE)—A rambling evergreen shrub blooming very freely in spring with mass of yellow flowers. Hardy and perfectly at home in the Gulf States.

6- 8 in., Spring Delivery ..... $ 4.00 $ 35.00
8-10 in., twice transp. 7.00 60.00
12-15 in, twice transp. 9.00

Jasminum Sambac (GRAND DUKE OF TUSCANY)—Perpetual bloomer in frostless regions or in greenhouses. Very double white flowers with the most fragrant odor of all Jasmines. A slow and dwarf grower.

2- 6 in., 2 in. pots ..... $ 6.00 $ 55.00
6- 8 in., 2½ in. pots 8.00 70.00
8-12 in., field grown 12.00

Jasminum Confederate (Trachelospermum Jasminoides) (RYNCHOSPERMUM JASMINOIDES or STAR JASMINE)—

8-12 in. $1.25 $10.00

Jasminum Confederate Dwarf—Similar to above except smaller.

6-8 in. ..... $ 6.00 $ 50.00

Laurocerasus Caroliniana (CHERRY LAUREL or WILD PEACH)—This is a native shrub—rarely a tree—with very lustrous dark green leaves. The small fragrant white flowers are in numerous close racemes and are followed by glossy, green-black fruit. Stands shearing well, hence good subject as hedges and specimens of pyramidal form either in tubs or in open.

4- 6 in. (S) ..... $ 2.00 $ 18.00
6- 8 in. (S) 3.00 25.00
8-10 in. (S) 5.00 40.00

Size	10	100	1000

Laegerstroemia Indica (CRAPE MYRTLE)—In assorted colors: Pink, white, watermelon red, purple, etc.

12-15 in., field grown		$ 5.00	$ 45.00
15-18 in., field grown		7.00	60.00

Laurus Nobilis (GRECIAN BAY TREE)—This is the Grecian Laurel of poetry. It is often trained as tub plants in different shapes. Stiff, dark green leaves are very aromatic and used as spice in cooking.

3-6 in.		$ 8.00	$ 70.00

Lavandula Vera Officinalis (TRUE LAVENDER)—A low, gray herb one to two feet in height with a spread equal to height. Very silvery foliage. Is a very attractive subject as a border.

3-5 in. from pot (Spring Delivery)		$ 6.00	$ 50.00

Lemons: Ponderosa, Myers, and Commercial—These lemon trees are fine object for the greenhouse. The pinkish flowers are very fragrant. Bears fruit when young.

From 2½ in. pots, 2-yr. old		$1.00	$ 8.00	$ 70.00

Leucophyllum Texanum (SILVER LEAF)—"Senisa" by the Mexican people. A very beautiful evergreen shrub of medium height, about six feet, with width about four to five feet. Leaves small, oblong, thick, velvety and very silvery in color, hence the name. Light purple flowers, small, orchid-like in form borne in great profusion, covering the entire bush all through warm weather, after every rain. It stood 14 degree Fahr. in our nursery without injury, resisting drought as well. This native plant is but very little known commercially on acount of the extreme difficulty in propagating. Should be more widely cultivated and is no doubt a new addition of great merit in landscape work of the southwest as far north as Oklahoma. Quoting Prof. S. S. Sargent in Bailey's Ecyclopedia: "Certainly there is not one of them which more delights the traveler in early spring months, when the large violet-purple flowers of this plant heighten the effect of its brilliant silvery foliage." After we cultivated many native plants, we found several varieties in which the following three deserve the most popularity:

Leucophyllum Texanum Glauca—This has very pronouncedly silvery white leaves and is rather taller in height.

3-5 in. from pot (Spring Delivery)		$12.00	$110.00

Leucophyllum Texanum Floribundum—This differs from Glauca in that it flowers more freely and is a deeper violet in color, while leaves are rather grayish and branches straggling.

3-5 in. from pots (Spring Delivery)		$12.00	

Leucophyllum Texanum Compactum—This is decidedly compact and dwarf in form with very silvery-white foliage while flowers are of a slightly lighter color. Among many trees we have found only one of this type and it is very much admired.

3-5 in. from pots (Spring Delivery)		$14.00	$120.00

Ligustrum Ciliatum Variegatum—An evergreen privet of medium height—5 ft. Has thick glossy leaves faintly blotched with pale yellow. Hardy as Japan Privet.

3-6 in., R. C.		$ 3.00	$ 25.00

Ligustrum Amurensis or Chinensis (AMUR RIVER PRIVET, SOUTH)—

8-12 in. (S)		$ 1.00	$ 5.00
12-18 in. (S)		1.25	8.00
18-24 in. (S)		2.00	10.00

Ligustrum Japonicum (JAPAN PRIVET)—

6- 8 in.		$ 1.50	$ 10.00
8-12 in.		2.00	15.00
12-18 in.		2.50	20.00

Size	10	100	1000

Ligustrum Lucidum (WAX LEAF LIGUSTRUM)—This plant is offered under many different trade names such as Griffing's Wax, Wax Ligustrum, Ligustrum Lucidum Compactum, etc., and many different types, including seedlings are offered under these names. Our stock is grown from cuttings of very choice specimen trees growing in our nursery. Ultimate height six to seven feet. Compact in form. Leaves large and roundish, thick, glossy, dark green. Clusters of white flowers in spring followed by purple berries in fall. Indispensable in southern landscape work.

4- 6 in., R. C.	$ 3.00	$ 25.00
6- 8 in., twice transp., 2 yr.	6.00	50.00
8-12 in., twice transp., 2-yr.	8.00	70.00
12-15 in., twice transp., 2-yr.	10.00	90.00

Ligustrum Lucidum Pyramidalis (UPRIGHT WAX-LEAF LIGUSTRUM)—The growth is decidedly erect, tall and rather narrow in form. Leaves dark green and glossy. Indispensable against walls or background planting.

3-6 in., R. C.	$ 3.00	$ 25.00
6-8 in., once transp.	6.00	

Ligustrum Lucidum Repandum (CRINKLY LEAF WAX LIGUSTRUM)—Leaves are uniformly crinkly, shining, pointed. Tree medium in height, upright, slender in form.

3- 6 in., R. C.	$ 3.00	$ 25.00
6- 8 in., once transp.	6.00	
8-10 in., once transp.	8.00	

Ligustrum Lucidum Nepalance (Graceful) (NEPAL PRIVET)—There is some confusion in nomenclature of this wax-leaf type of Ligustrum. Some nurserymen apply this name on what is commonly called "Wax Leaf Ligustrum" or "Ligustrum Lucidum" in the catalog. We are following common usage of this term and mean a ligustrum of the wax-leaf type with glossy, pointed leaves slightly smaller than the true type. Straight and slender but graceful.

6- 8 in., once transp.	$ 6.00	
8-10 in., once transp.	8.00	

Ligustrum Lodense—Low and compact variety of the California Privet type. Partially deciduous during winter.

4- 6 in.	$ 2.00	$ 15.00
6-10 in.	2.50	20.00

Ligustrum Ovalifolium Argentium Variegatum (SILVER VARIEGATED CALIFORNIA PRIVET)—

6-8 in., field grown	$ 5.00	$ 40.00

Ligustrum Ovalifolium (Cream) Variegata—

6-8 in., field grown	$ 5.00	$ 40.00

Ligustrum Quihoui Pendulum—A weeping Chinese everblooming privet of decided merit very recently introduced. Dwarf in nature. All branches gracefully and uniformly curved in shaping itself into a perfect ball or globe without shearing. Makes a beautiful specimen tree in pot.

6- 8 in., once transp.	5.00	45.00
8-12 in., once transp.	7.00	60.00

Ligustrum Japonicum Aureum Pictum (PAINTED GOLDEN VARIEGATED LIGUSTRUM —A new introduction. It should not be confused with Ligustrum Excelsum Superbum or Ligustrum Japonicum Tricolor, over which this is a great improvement. Leaves are larger and very glossy with most exquisite variegation of green and bright yellow all through the spring and summer. Young spray may be used for basket work or bouquets by florists. One of our customers says one spray of this is worth more than a dozen roses for basket work. Grafted.

12-15 in. (G) B/B, field grown	$5.00	$45.00
15-18 in. (G) B/B, field grown	6.00	50.00
18-25 in. (G) B/B, field grown	7.50	60.00

Size	10	100	1000

Magnolia Fuscata (MICHELIA FUSCATA)—Known by the common name of "Banana Shrub," from banana scented creamy pinkish flowers.

4- 6 in., once transp.	$10.00		$ 90.00
6- 8 in., once transp.	12.00		110.00
8-10 in., once transp.	15.00		
10-15 in., twice transp., bushy	20.00		180.00

Magnolia Grandiflora (SOUTHERN EVERGREEN MAGNOLIA)

3-5 in., 3 in. pot	$ 7.00		$ 60.00
3-5 in., seed beds	5.00		45.00
5-7 in., seed beds	7.00		60.00

Magnolia Soulangeana—A Chinese deciduous Magnolia with very fragrant flowers. Blooms early in spring before leaves come out, making it most conspicuously beautiful ornamental object in garden. Hardy in Pennsylvania and New York.

12-15 in., (C) cutting grown	$10.00		$80.00
15-18 in., (G) graft	12.50		

Malpyghia Glabra (BARBADOS CHERRY)—A dwarf evergreen with small rosy flowers like those of crepe myrtle through spring and fall, followed by bright red berries about the size of a wild cherry. May be frost bitten but surviving roots throw up vigorous shoots in spring.

10-12 in., field grown, bushy	$10.00		

Myrtus Communis (TRUE MYRTLE)—Leaves larger, branches more erect than Rosemary. Commonly called Roman Myrtle.

3- 6 in.	$ 4.00		$ 35.00
8-12 in., once transp.	6.00		

Myrtus Communis Microphyllus (ROSEMARY MYRTLE)—Small leaved variety, branches drooping, makes fine sheared specimen.

3-6 in.	$ 5.00		$ 45.00

Myrtus Apiculata (ITALIAN MYRTLE)—Leaves dark green, sharp pointed, thick. Branches straggling. A distinct type.

3- 5 in.	$ 5.00		$ 45.00
8-10 in.	8.00		

Nandina Domestica (JAPANESE NANDINA)—5 ft. Hardy as far north as Oklahoma. This plant, recently introduced and comparatively little known, deserves a place in every landscape, big or small. It looks the best in winter when its unusual form of leaves and clusters of berries turn scarlet red. Its use in landscape work is unlimited. Can be used for mass planting, single specimen, mixed with other shrubberies, or for pot plant, etc. Should be planted in full sun and on rich soil, well drained.

4-6 in. (S), twice transp., field grown, stocky	$ 8.00		
6-8 in. (S), twice transp., field grown, stocky	12.00		

Nandina Domestica Albo (WHITE BERRY)—This whiteberried variety of Nandina is very rare in trade. Recommended especially in mass planting with red variety.

2-4 in., once transp.	$12.50		
4-6 in., once transp.	15.00		

Osmanthans Fragrans (OLEA FRAGRANS)—Known as Sweet Olive or Tea Olive. It has the most exquisite, sweet-scented flowers that bloom during the winter or spring. Hardy in all southern states; used as greenhouse plant in the North on account of its sweet fragrance.

4- 6 in., once transp.	$12.00		
6- 8 in., once transp., 2-yr. old	15.00		
8-10 in., once transp.	20.00		
From 2½ in. pot	20.00		

Photinia Serrulata (S) (LOW PHOTINIA)—A shrub 7 ft. to 9 ft. in height with large evergreen leaves, thick and leathery, with sharp pointed edges, which turn red in the winter. New growth, particularly in the spring, is a beautiful shade of red.

4- 6 in. (S)	$ 5.00		$ 45.00
6- 8 in. (S), (Spring Delivery)	8.00		70.00
8-10 in. (S) (Spring Delivery)	10.00		

Size	10	100	1000

Pittosporum Tobira—A broad spreading evergreen shrub with dark green glossy leaves and creamy white flowers, sweet scented. Stands pruning well. Indispensable foundation plant in landscape work in the Gulf States and California.

4-6 in., once transp.		$ 4.00	$ 35.00
6-8 in., once transp.		8.00	70.00

Plumbago Capensis (Blue)—A flowering shrub grown either as a bush or a vine. Though the tops are tender and may be killed back by frost, the new growth will set forth delicate flowers in profusion.

3 in. pots		$ 7.00	$ 60.00

Punica Granatum Nana (DWARF EVERGREEN POMEGRANATE)—Everblooming beautiful low shrub not exceeding 4 ft. Easy to care for and used extensively in the South in landscaping, but as a greenhouse plant in the North.

3-5 in., 2 in. pot		$ 6.00	$ 50.00

Pyracantha Yunnanensis (YONNANESE FIRETHORN) — A broad spreading evergreen hawthorn with beautiful coral red berries in abundance. Hardy. Indispensable in large landscape work.

4- 6 in. (C)		$ 6.00	$ 55.00
10-12 in. (S)		10.00	

Pyracantha Lalandi (BURNING BUSH)—Of spreading upright habit with abundance of orange red berries throughout the winter months, attracting birds in great numbers.

3- 6 in.		$ 5.00	$ 45.00
8-10 in.		7.00	

Raphiolepis Ovata (ROUND LEAF YEDDO HAWTHORN)—Slow and low-growing shrub with evergreen, thick, leathery leaves. Clusters of scented pinkish white flowers early in spring followed by purple berries. Rather hardy against both extremes. Useful where low-growing shrubs are needed.

3-5 in. (S)		$ 5.00	$ 45.00
6-8 in. (C)		7.00	

Rosemarius Officinalis (ROSEMARY)—A low-growing shrub with small lavender flowers and grayish-white leaves used in culinary art as a spice. Hardy in the South.

4-6 in. (Spring Delivery)		$ 4.00	$ 35.00
6-8 in. (Spring Delivery)		7.00	

Serissa Foetida Variegata—A low, spreading shrub with small evergreen leaves of yellow margin. Tiny white flowers in trumpet shape nearly throughout the year. Desirable as border hedge or where plants of not more than two feet are needed.

8-12 in.		$ 6.00	

Ulmus Pumila (CHINESE ELM)—Only recently introduced—but a well-known elm on account of its very fast growing and drouth-resisting quality. A beautiful shade tree with small graceful foliage.

12-18 in., once transp.		$ 4.00	$ 30.00
18-24 in., once transp.		5.00	40.00

Viburnum Macrocephalum (CHINESE VIBURNUM)—An evergreen shrub attaining sometimes twenty feet, widely spreading, with thick, leathery, pale green leaves of rather large size. White flowers in clusters. Does well in shady location. Hardy in the South.

4-6 in.		$ 8.00	$ 70.00

Viburnum Odoratissimum (V. AWAFUKI)—Called by some nurserymen, Viburnum Odoratissimum Nanum. An upright evergreen shrub with large, thick, leathery, dark green leaves. With white flowers followed by clusters of red berries in winter. Does well in shaded location in the South.

4-6 in.		$ 6.00	$ 50.00

Size	10	100	1000

Viburnum Suspensum (V. SANDANKWA)—A hardy evergreen Japanese Viburnum with thick, dark green leaves and flowers, fragrant, pinkish-white, hanging in clusters followed by reddish berries. Very desirable shrub that we recommend very highly.

3-5 in. ..... $ 6.00 $ 50.00

Viburnum Tinus (LAURUSTINUS)—A fine evergreen flowering shrub seldom reaching seven feet in height, with pinkish-white flowers early in spring, slightly fragrant. Very desirable in the South.

3-5 in. ..... $ 4.00 $ 35.00

GRASSES

Cortaderia Argentea (SILVERY PAMPAS GRASS)—4 to 6 ft. high. White plume-like flowers.

Small division $2.00 $15.00

Cortaderia Roi des Rosea (PINK PAMPAS GRASS)—Same as Argentea except that plumes have pink color when they first appear. Rare and new.

Small division $2.00 $15.00

Ophiopogon Japonicus (DRAGON'S BEARD)—Erroneously called Snake's Beard. Hardy evergreen low-growing herbaceous perennial. Especially good as border plants for beds. Does well in almost any location.

Small division ..... $ 2.00 $ 15.00

PALMS

Cocos Australis—The best all-around palm. Bears very palatable fruit. Very hardy.

1-year (S) ..... $ 6.00 $ 50.00

Cycas Revoluta (SAGO PALM)—An excellent plant for outdoor planting or for porch or interior decoration. The dark green, glossy leaves are shaped like an ostrich plume. Hardy in the South and West.

1-year bulb $1.50 $12.00
2-yr. bulb 2.00 18.00

Latania Borbonica (LIVISTONIA CHINENSIS)—Chinese Fan Palm. Two-year plants from seed bed.

10-12 in., 2-yr., field grown ..... $10.00 $ 80.00

Sabal Blackburnia (THATCH PALM)—

1-yr. seedlings ..... $ 5.00 $ 40.00

Phoenix Canariensis (CANARY ISLAND DATE PALM)—

2-yr. field grown ..... $ 5.00 $ 40.00
3-yr. field grown 7.00 60.00

Washingtonia Robusta—

1-yr. (S) ..... $ 5.00 $ 45.00
2-yr. (S) 7.00 60.00

VINES

Antigonon Leptopus (ROSA DE MONTANA)—Called locally, Coral Vine, Mountain Rose, Mexican Vine, etc. One of the most conspicuous and beautiful of climbers grown in the South. Always in flower from summer to late fall. Flowers light pink, gradually changing to deep rosy pink.

1-yr. tubers ..... $ 5.00 $ 45.00
2-yr. tubers 7.00 60.00

Size	10	100	1000

Antigonon Leptopus Alba (WHITE FLOWERS)—White flowering variety, very rare. Grown only from cuttings. Same as above except for color of flowers.

From 2 in. pot		$2.50	$20.00
From 3 in. pot		3.00	25.00

Bignonia Speciosa (LOVE CHARM)—An evergreen vine with light lavender flowers in profusion in spring.

1-yr.	$1.25	$ 8.00	$ 70.00

Bougainvillea, See Page 7

Ficus Repens (CLIMBING FIG)—The most satisfactory climber on brick walls in the South.

2 in. pot	$1.00	$ 7.00	$ 60.00
3 in. pot	1.25	8.00	70.00
4 in. pot	2.00	15.00	

Gelseminum Sempervirens (CAROLINA JASMINE)—Evergreen, yellow fragrant flowers.

8-12 in. layers	$ 6.00		

Hedra Helix (ENGLISH IVY)—

3 in. pot	$1.00	$ 8.00	$ 70.00
4 in. pot	2.50	20.00	

Milletia Japonica (FORMOSA WISTERIA)—An evergreen climber closely related to Japanese Wisteria. Blooms all through the summer and fall until frost. Hardy and of easy culture. Flowers pea-shaped, dark purple in clusters. Very rare. Introduced by us from Japan.

4- 6 in. (C)	$1.50	$12.00
12-15 in. (C)	2.00	15.00
15-24 in. (C)	2.50	20.00

Trachelospermum Jasminoides (RYNCHOSPERMUM JASMINOIDES)—Confederate Jasmine, or Star Jasmine.

8-12 in.	$1.25	$10.00

Trachelospermum Jasminoides Microphylla (Dwarf)—Makes very fine ground cover. Flowers white, star shaped, fragrant.

8-12 in.	$ 6.00	$ 50.00
